WORLD CLASS GENERATION SHIPS

Get ready to discover a new world on MSC World America. Experience the future of cruising on a ship designed for immersive and enriching experiences at sea.

Coming into service in 2025, MSC World America represents the stunning evolution of the trailblazing MSC World Class generation of ships, following the launch of MSC World Europa in 2022. They will be followed by two more ships: MSC World Asia in 2026, and a fourth sister ship in 2027.

MSC World America is a ship where European elegance meets American comfort. Where guests will encounter different cultures, enjoy immersive features and experience unique emotions. In short, a ship where they can look forward to a holiday like no other.

It's a new generation of excitement, for a new world of cruising.

MSC FOUNDATION

NURTURING THE BLUE PLANET AND ITS PEOPLE

With over 300 years of maritime tradition in its founding family, MSC cares deeply about the world's seas and the communities they support. The MSC Foundation is an independent non-profit organisation established to advance the Group's conservation and humanitarian commitments. The MSC Foundation Centre on board welcomes guests of all ages who want to learn more and show their support for the Foundation's work.

SUPER CORAL PROGRAMME

The MSC Foundation's pioneering Super Coral Programme in the Ocean Cay MSC Marine Reserve in the Bahamas works with leading universities and marine experts to identify, study and propagate hardy “super corals” that are more resistant to global warming and pollution. It is also developing a model for outplanting them to restore coral reefs sustainably and protect the livelihoods of countless communities around the world. Ocean Cay has been designated a 'Hope Spot' by the non-profit organisation Mission Blue, joining its global network of Hope Spots recognised as critical to ocean health with the goal of achieving the status of Marine Protected Areas.

THE DISTRICTS

A WORLD WHERE INNOVATION MEETS BEAUTY.

Boasting a futuristic profile, a vertical bow and a Y-shaped aft, MSC World America cuts a fine figure while slicing through the water with ease and grace. But the innovations in design go way beyond the ship's striking silhouette.

The public areas on board are organised for the first time into districts. Every district has its own atmosphere, energy, and appeal, giving each of these distinct areas of the ship its own clearly recognisable personality, even as the activities and entertainment taking place there evolve over the course of each day.

This feature makes it easy for guests to plan their movements around the ship and shape their onboard experience to their individual preferences from one moment to the next.

MSC WORLD AMERICA

A NEW WAY TO NAVIGATE THE ONBOARD EXPERIENCE.

MSC World America is built around an exciting new concept: **the Districts**.

The 7 new Districts will showcase a blend of revamped all-time favourites and entirely new attractions to be enjoyed. Some will cater mainly to couples, while others will be perfect for families or groups of friends.

All of them invite exploration and discovery. Each one holds the promise of unforgettable new experiences.
